

To heads of organisations participating  
in the electronic exchange with the  
Bank of Russia

On publishing a new version of  
AWS of a BoR Customer-FMS

Information notice № VN-16-4-6-1/1811 09.03.2022

In the follow-up to Information notice No. VN-16-4-6-1/1380, dated 21 February 2022, the Payment System Operation Centre of the Information Technology Department of the Bank of Russia (hereinafter, 'the PSOC ITD') informs exchange participants that the AWS of a BoR Customer-FMS version 2022.2.1 (file name: 'spfs2022.2.1.rar') has been published on the Bank of Russia website at [www.cbr.ru/eng/development/mcirabis/involve\\_spfs/](http://www.cbr.ru/eng/development/mcirabis/involve_spfs/).

What is new:

- the registration of message files in the input directory of the processor of acceptance of EMs in a SWIFT MT format from a customer AS was corrected.

Please be aware that the folder extracted from the '\*.rar' archive contains 'hash.txt' and '\*.zip' files. The 'hash.txt' file contains a list of the controlled files of the BoR Customer software and a hash code calculated with the hash algorithm in accordance with GOST R 34.11-2012.

The archive was created with WinRAR 5.50.

The PSOC ITD also reminds you that when the BoR Customer software is replicated to EPs using the system 'Bank of Russia Transport Gateway to Exchange Payment and Financial Messages with Customers of the Bank of Russia (the 'BoR Customer TG')', two information messages will be dispatched: a notification (about replication of new versions of the BoR Customer software) and a miscellaneous message with recommendations on how to check the integrity of the BoR Customer software.

The concurrent testing of the AWS of a BoR Customer-FMS at the CDPC-level RABIS-NP sub-system test stand is available upon receipt of the distribution package.

The period for the transition to the new versions of the AWS of a BoR Customer-FMS version 2022.2.1 and the UFEBM Album (version 2022.2.1) is from 28 March 2022.

This notice will be published on the Bank of Russia website at [www.cbr.ru/eng/development/mcirabis/involve\\_spfs/](http://www.cbr.ru/eng/development/mcirabis/involve_spfs/).
