On posting the AWS of a BoR Customer-FMS
and relevant operation manuals

Information notice VN-16-4-6-1/4188 dated 24.05.2023

The Payment System Operation Centre of the Information Technology Department (hereinafter, the PSOC ITD) informs exchange participants (hereinafter, EPs) that the Bank of Russia has posted the AWS of a BoR Customer-FMS, version 2023.1.3, and operation manuals for the AWS of a BoR Customer-FMS on its website http://www.cbr.ru/eng/development/mcirabis/information_FMS_clients/ in the subsection Documentation for the 'Automated Workstation of a Bank of Russia Customer Using the Financial Messaging System' software package of the section Automated workstation of a Bank of Russia customer using the Financial Messaging System:

AWS of a BoR Customer-FMS ('spfs2023.1.3.rar');

'AWS of a BoR Customer-FMS. Installation and Configuration Guide' ('KBR-SPFS_INSTALL.rar').

Changes to the AWS of a BoR Customer-FMS, version 2023.1.3:

- an error was corrected in the AWS number identification when the Service Bureau's client directory contains the same UICs.

What's new in the manuals:

- changes were made to the table of the AWS of a BoR Customer-FMS access rights in section 2.1.4.

Hereby, the PSOC ITD draws the attention of EPs to the fact, that the folder extracted from the '*.rar' archive contains 'hash.txt' file and '*.zip' archive. The 'hash.txt' file contains a list of the BoR Customer software controlled files and a hash code calculated with the hash algorithm in accordance with GOST R 34.11-2012.

The archive was created using WinRAR 5.50.

The PSOC ITD also reminds you that when the BoR Customer software is replicated to EPs using the ‘Bank of Russia Transport Gateway to Exchange Payment and Financial Messages with Customers of the Bank of Russia (the ‘BoR Customer TG’) system, two information messages will be dispatched: a notification (about the replication of the BoR Customer software) and a miscellaneous message with recommendations on how to check the integrity of the BoR Customer software.

Transition to the AWS of a BoR Customer-FMS, version 2023.1.3, upon receipt of the distribution package.

This notice will be published on the Bank of Russia website at http://www.cbr.ru/eng/development/mcirabis/information_fms_clients/ in the Information notices section.

Contacts of the Unified User Support Service in the Information Technology Department are as follows:
